REQUIREMENTS & QUESTIONS

Download Templates

Approval Policy Questionnaire	Capture your current approval policies, objectives, and challenges.	Open
Authority Matrix Template	Define spending authority limits by role, department, and level.	Open
Organization Hierarchy Template	Provide org structure for routing and delegation.	Open
Delegation & Escalation Template	Document delegation rules and escalation paths.	Open
Audit & Compliance Requirements	Capture audit, control, and reporting requirements.	Open

Submit Requirements to Agent

ASK THE AGENT

What are best practices for setting spend limits and delegations?

Great question! Best practices include:

- ✓ Align spend limits with organizational roles and risk appetite
- ✓ Use category-specific limits when possible
- ✓ Implement time-bound delegations with audit tracking
- ✓ Review limits periodically based on spend analytics

Would you like to see examples from similar public sector organizations?
